

**SPECIAL NOTE TO
MEMBERS POSTED IN
GERMANY**

German regulations prohibit sending prescription medications through the mail. This means that you cannot obtain prescription medications through the **FOREIGN SERVICE BENEFIT PLAN'S (FSBP)** home delivery program (the Express Scripts PharmacySM).

The **FSBP** provides alternative methods for you to take advantage of our prescription benefits. You may obtain prescription medications as follows:

- Purchase them through a Military Treatment Facility or a local pharmacy on the economy in Germany. The **FSBP** provides reimbursement of 90% (no deductible) of the cost of your prescription medication. Submit your claim as you normally do.
- Purchase them in the United States for 'hand carry' into Germany by using your **FSBP** ID card at a Plan participating pharmacy.
