Litigation Support

Beers, Hamerman, Cohen & Burger, P.C. offers the services of experienced tax advisors. Our firm has been in business since 1962, and AFSPA members and retirees can access these services while stateside or abroad.

We have set up the following email address exclusively for the AFSPA: taxinquiry@bhcbcpa.com. Emails to this address go to the group of five professionals in our firm that have experience in issues that US citizens or residents encounter when working and living abroad. This group of professionals are all CPAs with at least ten years of accounting and tax experience who are also quite knowledgeable about general US tax issues. We will answer all inquiries promptly. **We just ask that the AFSPA member or retiree provide their name, mailing address, email address (if not evident) and phone number, as well as a simple description of their question or need.**

We are offering a complimentary 20 minute initial consultation to AFSPA members and retirees. This assumes that most inquiries will come in the form of an email, often from overseas, and it would take that amount of time to determine the member's or retiree's needs or to answer a simple question without charge. Of course, we will also accept phone inquiries, but we would ask that the AFSPA member or retiree identify themselves as such when they call so that we can direct them to one of the proper professionals in our firm. If desired, an AFSPA member or retiree could also visit our office in New Haven for a complimentary introductory meeting.

We will give a 10% discount off our standard hourly rates to AFSPA members and retirees, and we will be accepting payments through PayPal for the convenience of members and retirees. We will not begin charging fees until we establish an understanding with them about what services we will provide, i.e., prepare a tax return or conduct research to answer a particular tax question. We would send the member or retiree a written engagement letter so that all parties know what is expected.

We have a very secure portal system that can be used to send and receive documents such as current year tax return information. This portal system will facilitate working with members who are in different parts of the United States or in foreign countries.

You can find out more about our firm on our website at www.bhcbcpa.com.
