

A PLAN TO HELP TACKLE LIFE-CHANGING ILLNESSES

CRITICAL ILLNESS INSURANCE

from AFSPA

Focus on your recovery—not your finances

Many Americans have a high probability of suffering a critical illness such as heart attack, stroke, or invasive cancer. Out-of-pocket expenses associated with these illnesses go far beyond paying medical bills. Non-medical costs related to the illness may include transportation, child care, etc. Combine that with lost wages, and the threat of financial hardship is very real.

All of this can put you and your family through the wringer mentally, physically, and emotionally. But Critical Illness insurance can ease some of the financial burden so you can focus on what's most important—your recovery.

As a member of **American Foreign Service Protective Association**, you have access to exclusive benefits that are vetted specifically for you and offered at competitive rates. Coverage is issued by **The Prudential Insurance Company of America (Prudential)**, a company with over 100 years of group insurance experience. Critical Illness insurance can provide a lump sum benefit for things like prescriptions and co-pays not covered by insurance, day-to-day living expenses, and much more.

FAQ

I already have comprehensive medical insurance and disability insurance coverages. Aren't these the same thing?

No. Critical Illness insurance is not a comprehensive medical insurance or disability insurance coverage. This coverage does not replace those coverages or pay benefits in the same way. With Critical Illness insurance, you receive a lump-sum benefit that can be spent however you like.

Must I use my lump-sum benefit only to pay medical bills?

No. There are no restrictions and you do not have to account for how you spend the benefit. The funds can help cover co-pays/co-insurance, prescriptions, or treatments not covered by your health insurance, day-to-day living expenses, child care or elder care, or for someone to do the cleaning, shopping, or home maintenance you would normally do.

What is the application process like?

Member and spouse coverage is contingent upon answering a few simple health questions. No medical exam is required. Child coverage is guaranteed issue, meaning there are no medical questions or exams required.

Products may not be available in all states.
