

## Dominion National COVID-19 Updates

### Annual Maximum Increase:

Dominion is automatically increasing your annual maximum for in-network services by 25% for the remainder of 2020 for services received between June 15, 2020 and December 31, 2020 by an in-network provider. For example, if you currently have a \$2,000 annual benefit maximum, you will be automatically upgraded to a \$2,500 annual maximum. Original annual maximum amounts (\$2,000) will resume in 2021 and beyond. This benefit will not apply toward maximums that may have been reached on services prior to June 15, 2020.

### COVID-19 Prevention Rewards Program:

For a limited time, as an incentive to encourage you to get back to the dentist, Dominion is implementing our Prevention Rewards program to all Dominion National ePPO/PPO members. We will provide a \$20 reward for members receiving one in-network cleaning between June 15, 2020 and December 31, 2020. The reward is paid after the claim for a cleaning by a participating provider is processed. The \$20.00 check is sent to the subscriber.

We know preventive visits lead to better oral health. We want to help keep our members healthy.
