Our Vision

As a center of Health Care Excellence, AFSPA is the premier provider of creative, innovative health benefits, insurance programs, and professional services to its eligible membership as well as an expert resource to the entire federal workforce.

What We Do

Since its beginning over 90 years ago, The American Foreign Service Protective Association (AFSPA) has offered life insurance to its members, federal employees supporting the Foreign Service.

Over 75 years ago, AFSPA expanded its portfolio by providing the Foreign Service Benefit Plan (FSBP) - comprehensive, high-option health coverage available stateside and overseas.

Nearly 50 years later, in response to the unique needs of the Foreign Service community, AFSPA developed its Ancillary Insurance Programs (AIP). These services provide additional benefits such as domestic and overseas dental care, disability insurance, and overseas medical insurance for members of household who are not covered by the Federal Employee Health Benefit Plan (FEHBP).

All FEHBP eligible federal executive branch employees who advance the nation’s foreign and intelligence affairs are eligible for AFSPA membership and to enjoy FSBP and certain AIP benefits whether they serve at home or abroad. In fact, 60% of our members enjoy our excellent benefits in the U.S.

FSBP offers excellent coverage:
- Preventive Care Coverage
- In and Out-of-Network Care
- Prescription Drug Coverage
- No Referrals for Specialists

AIP provides unique programs & services
- Critical Illness Insurance
- Financial Wellness Planning
- Long Term Care Planning

GET Rewarded for Healthy Behavior

Earn up to $400 in wellness rewards by participating in any combination of wellness activities or healthy actions.

Here’s how it works:

Earn $75 for a Health Risk Assessment (HRA). An HRA is a health questionnaire that evaluates your health and quality of life. The results provide a snapshot of your current health status and help identify personal health goals.

Earn $100 when you pass a biometric screening and physical exam. A biometric screening assesses your overall health and measures physical attributes — blood pressure, glucose levels, cholesterol levels, height, weight, body mass index, and aerobic fitness. These standard exams can identify potential health risks and underlying medical issues.

Learn How to Claim Your Wellness Rewards!

VISIT AFSPA.ORG/FSBP/WELLNESS

After completing the HRA, biometric screening and/or any healthy actions listed to the right, wellness rewards are credited into your account to help reimburse you for certain Eligible Medical Expenses, as defined by IRS Code Section 213(d). These include deductibles, coinsurances, and copays.

To earn wellness rewards, you must complete your wellness programs or activities by December 31 — except the Biometric Screening, which must be done by December 1.
