<sup>1</sup> Accelerated Benefit Option is a feature that is made available to group life insurance participants. It is not a health, nursing home, or long-term care insurance benefit and is not designed to eliminate the need for those types of insurance coverage. The death benefit is reduced by the amount of the accelerated death benefit paid. There is no administrative fee to accelerate benefits. Receipt of accelerated death benefits may affect eligibility for public assistance and may be taxable. The federal income tax treatment of payments made under this rider depends upon whether the insured is the recipient of the benefits and is considered terminally ill or chronically ill. You may wish to seek professional tax advice before exercising this option.

GROUP ENHANCED LIFE (GEL) PLAN

As an active Principal Member in good standing of the **Protective Association**, you and your family are eligible to apply for Group Enhanced Life (GEL), which is a term life insurance plan issued by **The Prudential Insurance Company of America (Prudential)**.

ELIGIBILITY

Who is eligible?

All active Principal Members under age 60 who are in good standing with the **Protective Association** are eligible for coverage, as well as their qualified dependents.

Who are my qualified dependents?

Qualified dependents include your:

- 1. Spouse or Registered Domestic Partner.
- 2. Unmarried children from live birth to age 26.
- 3. Legally adopted children. A child placed with you for adoption prior to legal adoption is considered your qualified dependent from the date of placement for adoption, and is treated as though the child were a newborn child to you.
- 4. Stepchildren and foster children who are dependent on you for support.
- 5. Grandchildren who are wholly dependent on you and are claimed on your federal tax return as dependents.

Spouses and children age 19 and over can apply for coverage without Principal Member election.

**Note:** We encourage qualified dependents to have coverage in their own name. No eligible person may be covered by more than one policy. If he/she has coverage in his/her own name, he/she cannot be covered as a dependent under another member’s policy.

If you are diagnosed with a **terminal illness** and have a life expectancy of 12 months or less, you can receive 90% of your coverage amount, up to a maximum of \$100,000.

**New!** A member can receive up to 50% of the amount in force to a maximum of \$50,000 if they become diagnosed as **chronically ill** and incapable of performing at least two Activities of Daily Living (ADLs) for at least 90 days and expected to last the rest
